

A - LIST

## A-LIST SECURITY GROUP

Intelligent Solutions,

*Superior* Results.

SECURITY GROUP

DEDICATED TO PROVIDING  
*Exceptional* SERVICE IN ALBERTA.

*A-List Security Group* provides a full range of innovative Security and Security Management Services to the Calgary area that are as diverse and customized as you require.

Our security guards are licensed, experienced and incredibly passionate about what they do. This is not a stepping stone for them, this is their career and they enjoy it.

A-List Security is licensed under the Alberta Soliciter General.

## WE *carefully* MATCH

each customer to the guard that best fits their specific needs and site requirements. Rather than one-guard-fits-all, we believe in a customized approach that could include:

- A Targetted New Hire Process
- High or Low Profile Uniforms
- Specific Tools such as Body Cameras
- Personality Type & Profile Matching
- Additional Training

That's THE A-LIST DIFFERENCE.

CONCIERGE, HOTEL &  
RESIDENCE SERVICE

CONSTRUCTION,  
CAMPUS & COMMERCIAL

MOBILE RESPONSE &  
PARKING PATROL

VIDEO PATROL &  
CAMERA MONITORING

*Did you know?*

A-List Security Guards come equipped with a body camera.  
This is part of our standard practice; not a premium, there is no extra charge.

## CONCIERGE, HOTEL & RESIDENCE SERVICE

At A-List, we hire and train for your building specifically, with a customized approach. Your guard becomes dedicated to your site, with a policy to avoid any possible conflict of interest, such as hiring them to a nearby building or a competitor.

**EACH A-LIST CONCIERGE IS A LICENSED SECURITY GUARD.** They understand legality, trespass and residential property law, and are trained in privacy and confidentiality.

Did you know that not all concierge's are licensed security guards?

A-List wouldn't have it any other way.

## CONSTRUCTION, CAMPUS & COMMERCIAL

We work closely with your team of builders, contractors, directors and office managers, understanding security issues on every level.

All of our guards have their own Personal Protective Gear (PPE) and are equipped with a body camera.

WE SPECIALIZE IN COMMUNICATION AND CONFLICT RESOLUTION. A-List guards are trained to diffuse difficult situations with a wide range of skills and levels of intensity.

*Diversity* is also an important part of our hiring and placement process.

## MOBILE RESPONSE & PARKING PATROL

A-List Security has a *great relationship* with the Calgary Parking Authority, local and surrounding police departments, as well as a highly effective "two ticket and tow" system.

What truly sets us apart is the **SUPPORT AND COMMUNICATION** that we have between guards and as a company. We use our own internal software for internal communication, reporting and shift notes.

Meetings with the client are conducted often to discuss and resolve any issues and to transfer any important information.

## VIDEO PATROL & CAMERA MONITORING

Our guards are available *whenever you need them* to be. They become a part of the community, patrolling with body cameras or monitoring from our multiple dispatch and global video monitoring solutions.

Every A-List Guard is equipped with the **MOST EFFECTIVE TOOLS AND TECHNOLOGY** in the industry. We take great pride in providing the services you require to protect you, your clients and your assets, anywhere in the world.

A-List provides **CUSTOMIZED REPORTING** for each site, based on your specific requirements.

View reports, status updates, photos and videos, as well as shift change notes and alerts.

We do not customize, edit or trim your files. We believe you deserve the raw data. This is not the case for many of our competitors who fix their reports, make subtle language edits and cut files. No hard feelings but we just don't think that's right.

Ask the *right questions!*

## *Hiring a Security Company*

requires important research and questions. Conducting a **BUSINESS QUERY** is a crucial first step in the process. To do a business query and check an Alberta licensed security company, visit [www.solgps.alberta.ca](http://www.solgps.alberta.ca).

Ensure a company is bonded & licensed, and if they can provide references.

How long have they been in business?

Do they have local sites in the area?

Do they have specific experience and understand your community?

Are all of their protection and concierge employees licensed guards?

How much training do their staff receive and how often are they tested and re-trained?

These questions can make ALL OF THE DIFFERENCE In the event of an emergency.

*We believe in investing* in our employees and in the quality of services we offer.

Every A-List employee starts at skill Level 0 and achieves Level 1 only after their first site. Once being trained, tested and passing our high grade requirements, and when their **TRAINING MENTOR** is confident, they may read and test for the next site and the next level. At Level 8, they may apply to be a supervisor. Skills expire after each year and must be re-obtained. We train and test their abilities often.

**PEACE OF MIND** comes with A-List, as does:

- A Targetted Hiring Process
- Individual Training, Under Mentorship
- Customized Guards & Reporting
- Body Cameras Come Standard (with static service)
- 24/7 Live Dispatch & monitoring

That's *the A-List Difference.*
